INTERVIEW SUMMARY AND FURTHER SUPPLEMENTAL AMENDMENT

Hon. Commissioner for Patents  
P. O. Box 1450  
Alexandria, Virginia 22313-1450

Sir:

An interview was conducted between Primary Examiner Peter D. Mulcahy and Applicants on March 12, 2004. The interview occurred after the filing of a Response to the Official Action of October 7, 2003, a Supplemental Amendment and the filing of two Information Disclosure Statements. Following the interview, applicants received a Notice of Non-Compliant Amendment pertaining to the Supplemental Amendment indicating that the amended claim set will not be included.

This Interview Summary and Further Supplemental Amendment, responsive to the interview, assumes that the Supplemental Amendment has been entered as to all matters except the claims pursuant to the Notice. Consequently, present amendments to the

specification are based on the Supplemental Amendment and present amendments to the claim set are based on the status of the claims before the Official Action. Entry of the claim set in the Supplemental Amendment filed before the Interview is not requested. Consequently, the present Supplemental Amendment begins with claim 94, the following number after the last entered claim in the file, claim 93. Claims 1 through 93 are here listed as cancelled.
